

Will any of our services change?

Our new name and logo changes nothing about our work or values.

The specialist care services we provide for adults and children remain exactly the same and we continue to be dedicated to helping patients and their families to enjoy the best quality of life possible in the time they have together.

Of course we always strive to keep our services up to date and relevant to the needs of our community, so there may be times in the future when we adapt existing services or implement new means of supporting our patients and their families.
