

## Other ways to donate

Donations of money are always welcome, but there are many other ways to donate that are just as important.

### Donate your time

The smooth running of our hospices, shops and fundraising events are all reliant on the help of volunteers. If you have some free time you can spare to help us please consider volunteering.

### Donate to our shops

Our hospice shops rely on the donation of good quality second-hand items; we all have belongings we no longer need.

There are also many other ways to help us, from organising an event to joining our lottery to doing some fundraising at work.
