

Supporter offers

Making the most of our supporter offers is just one way you can help our adult and children's hospices.

Here are the latest companies to show their support:

Phoenix Cards

Phoenix Trading is the UK's number one direct selling greeting card business. They do not sell their product through conventional retail outlets; instead they market their exclusive range of cards and stationery through their team of Independent Phoenix Traders.

All the greeting cards are blank inside so the majority of the range is multi-purpose and can be customised to say "Happy Birthday", "Thanks for dinner..." or whatever the occasion might be.

Independent trader, Jennifer Jenkins is very generously giving 10% of all her sales to Keech so please visit her site at <http://www.phoenix-trading.eu/web/jenniferjenkins/> to buy cards and support your local hospice!

Dejavu

Dejavu sells quality new and nearly new clothes and accessories. The shop will sell your unwanted high-quality clothing and give you back 50% of the proceeds. Any remaining profits are donated to our children's hospice.

To find out more visit Dejavu at 25 The Wynd, Letchworth Garden City, Hertfordshire or call 07803 968 284.
