

Make a Will week returns

Solicitors in Luton, Dunstable and Bedford are giving their time to write a standard Will – or amend an existing one - free of charge in return for a suggested donation to Keech.

Making a Will is an invaluable opportunity to help protect your family's future. All you have to do is pick up the phone from 22 – 26 February and book an appointment. The appointment can be any time.

The solicitor will not charge for their time for writing a basic Will, but will invite people to make a suggested donation of £80 for a single Will or £120 for a joint Will.

Paul Ashby, from Neves Solicitors in Luton, said: "We think that everyone should really consider making a Will and so this special week is an excellent opportunity for local people. We have a long established history in Luton and so it is fantastic to be in partnership with a great local cause like Keech."
