

## Well done to all our Luton Midnight Walkers

We had 800 ladies complete our 10-mile walk on the night of Saturday 5 September, pledging an incredible £90,000 for our hospices!

Our second Midnight Walk in Luton received fantastic support and we would like to say a huge thank you to all the walkers, volunteers, local police, first aiders, event sponsors and Barnfield College for making it a night to remember.

Billy Byrne, the much-loved electrician from DIY SOS, led the official count down to midnight and gave the ladies many words of encouragement at the half way point. Billy, alongside hospice staff and volunteers, also handed out medals right up until the last walkers returned at 3.40am.

A great night of fun and fundraising - thank you!
